ABOUT ME

I'm a 1×-exit engineer. I believe we live through the tools we use, so I obsess over making them feel great.

EXPERIENCE

Software Engineer II at Microsoft
2022 (Intern 2×) — 2024 (FTE) — Present

Crafting UI/UX at Azure Monitor and improving team velocity through fast, modern tooling.

- Delivered multiple UI libraries used across Azure Monitor
- Contributed fixes upstream in Azure Portal core frameworks
- Built end-to-end: Azure Workbooks Copilot, AI Foundry Observability

Founder at Makerlog
July 2018 — July 2022 (Sold)

Founded Makerlog, a vibrant community for independent creators in tech, 10,000+ users strong.

- Built solo at 17 years old, scaled to team of three
- Shipped a real-time community platform on $20/mo infrastructure
- Scaled a community to over 500k+ monthly social media impressions

Full-Stack Freelance Engineering
December 2019 — April 2020

Design, development and strategy for YC-backed startups looking to quickly take ideas to market.
